MEMORANDUM FOR THE RECORD

25X1A9A SUBJECT: Question of [redacted] Testifying in Alien Property
Hearing

On 24 September I called Assistant Attorney General Dallas
Townsend and explained to him the problem involved in having
25X1A9A [redacted] testify in connection with [redacted] 25X9A6
case. I said I felt we had reached a satisfactory agreement with
Mr. Korf but were deeply concerned whether the agreement could
be maintained if the attorneys for the Count began questioning on
matters we did not want discussed. Mr. Townsend said he
understood completely and that he felt our interest could be
completely protected and he would look into it at once.
